

## News from ELF Miniatures

In the UK spring has arrived early and ELF has launched a whole new range of kits to celebrate! We enjoyed a busy Miniatura and were delighted to see clients old and new! We'll be at Kensington in May and hope to see some of you there.

**Have you been promising yourself one of our designer chairs?** In that case, don't delay too long. Some are already impossible to get hold of as they are no longer being manufactured while others are running out fast.

### EAZY Living Kits

EAZY Living Media Unit in white acrylic and walnut

We are expanding our ever popular EAZY kitchen kit range into the rest of the house.

Called EAZY Living, the range includes living room, dining room, bedroom, bathroom, office and hall furniture. Customers can purchase individual units or 'COMBO' kits where ELF have put together everything needed to make a particular item such as a sideboard or media unit.

Clients who have purchased EAZY kitchen kits will find this new range as easy to make and clients new to the EAZY range will find that they really are

simple to make and look great. Those new to making dolls house furniture from kits could start off with a simple bookshelf or coffee table, while clients who have already enjoyed making up EAZY kits for their kitchen could try something more adventurous, such as a [sideboard with glass doors](#), [a cabin bed](#) or a [complete bedroom kit](#) with wardrobes and bedside cabinets. Add desks, hall tables, room dividers, TV tables, display units, bathroom cabinets and EAZY Living provides a solution for every room in the modern dolls house.

EAZY Living kits are supplied in light wood which can be left as they are, or finished in a variety of ways (staining, painting – see cabin bed below, high gloss film –see vanity unit below). The media unit can be purchased in walnut and white acrylic (see photo above) as well as light wood. Note that all of these kits have non-opening doors and drawers.

Please see our website for full details of all the kits available, and look out for new items in the range.

### ELF wall-mounted TV

We have introduced a new [widescreen wall-mounted TV](#) with a choice of image or even using your own image (which you can send via the website). The photo shows the TV mounted on an [EAZY Living Media Panel](#) kit.

## Minimalist range

Elizabeth has expanded our Minimalist dining suite to include a [console table](#) and [coffee table](#). These are supplied in mahogany, walnut, cherry, lightwood or black.

## Featuring this issue...The Nursery

With our fabulous [range of high chairs, playpens and baby walkers](#) hand-made by the designer who supplies our designer prams and buggies and a range of high quality figures ranging from babies to grannies, ELF has everything you need to create a modern nursery for your dolls house. A range of [baby toiletries, nappies and potties](#) are also available from ELF. The [crib, rocking chair](#) and [elephant stool](#) can also be found in our store. The [plates on the wall](#) depict a popular children's cartoon series and can be found in our Wall Art section.

We're delighted to bring you a range of fun modern chopping boards – these designs and many more! At only £1.50 each they are a great way to brighten up the kitchen!

Please ask if there is anything you would like that we don't already stock. We can't guarantee to find it for you, but we'll try!

## READERS HOUSES

We are delighted to feature Rebecca Micallef's house in this edition of the ELF Newsletter. Rebecca is from Malta and is spreading the word about ELF to other miniature enthusiasts on the island. Rebecca says *"Building a modern dolls house was very challenging, but thanks to Elf's kits and products I manage to bring out the perfect home. The kitchen and bathroom kits were fantastic and very easy to follow and thanks to Elizabeth's ideas and help I got a very realistic atmosphere. Some furniture pieces and accessories are also from Elf which I'm really happy with. Thank you so much Elf for bringing my house to life"*.

Rebecca has used her skills to bring her house to life, buying in what she needed to. We supplied the bath and vanity bowl which Rebecca has customised to great effect.

ELF also supplied the designer chairs, TV, computer and figures.

This is the kitchen that Rebecca built from ELF EAZY kits. The [chrome stools](#) also came from ELF and we are delighted to tell you that we now stock these with red and white seats as well as the black and wood.

Customised bath and vanity; ELF supplied the taps and sanitary ware, including the shower doors and Rebecca did the rest, with stunning results.

If you would like us to feature [your](#) house in an ELF Newsletter, please email us!
